### **English–language Study Programme in Astronomy at the Doctoral School of Exact and Natural Sciences**

#### **I**

##### **General provisions**

1. The study programme in Astronomy has been established according to the Act of 20 July 2018 on the Law on Higher Education and the guidelines applicable at the Jagiellonian University in Kraków.
2. The study programme leads to learning outcomes for qualifications defined as level 8, according to the Polish Qualifications Framework.
3. The study programme lasts eight terms.
4. Detailed requirements and the admission criteria are defined by the University regulations as accepted by the University Senate.
5. A PhD student submits an Individual Research Plan to the supervisor after 12 months from the day of the commencement of the study programme.
6. A number of ECTS points (European Credit Transfer and Accumulation System) allocated to the study programme in the discipline of astronomy is a minimum 40 points.
7. The rules on achieving learning outcomes and the manner of their evaluation are specified in the syllabuses of the individual courses.

#### **II**

##### **Occupational internship**

1. Occupational internships programmes are realized in the form of conducting classes with students as well as assisting in this process.
2. Occupational internships can also take the form of conducting activities with the purpose of popularizing science.
3. The number of hours allocated to an occupational internship programme must not exceed 60 hours per academic year.

### III

#### **Evaluation of study and scientific programme accomplishments**

1. The supervisor monitors the study programme implemented by the PhD student and his/her Individual Research Plan.
2. Annually, no later than by 30 September, the supervisor submits to the study programme manager written information on the implementation of the individual research plan and the assessment of the PhD student's progress.
3. The study programme manager assesses the implementation of the study programme and research programme on the basis of the information from supervisors and a report from the University IT system.
4. Changing an individual research plan, in particular changing or postponing some of the PhD student's duties to another date, requires the approval of the study programme manager.
5. The study programme manager may decide to accept as part of the performance of duties (with the appropriate allocation of ECTS points) courses or classes not specified in the study programme.
6. By the end of the 4<sup>th</sup> semester, the PhD student shall be subject to the mid-term evaluation before a committee appointed by the director.
7. The evaluation date, in accordance with the PhD student's individual research plan, is established by the programme manager.
8. 30 days before the scheduled committee meeting, the PhD student shall submit to the programme manager a written report on the implementation of the individual research plan. The report must be approved by the supervisor before submission.
9. Members of the committee and the PhD student, in the parts to which s/he was invited, participate at the meetings of the committee conducting the mid-term evaluation.
